Areas of Interest Applications are assessed and priority given to environmental projects, community safety, technology, education and local communities where Holden's plants are situated.

Geographic Limitations Australia - prefer national projects or local community initiatives in areas surrounding the company's operations.

Support Limitations The Holden community support program does not provide for:
Operational costs of organisations
Equipment, conference, overseas travel or publications, unless they are an integral part of a project being funded
Film, TV & Radio programs
Capital Appeals or endowment campaigns
Tickets and raffles for fundraising events
Religious purposes
Political parties or candidates
Individuals or families
Projects that contribute to an individual's or business financial gain

Application Procedure Guidelines and application forms are available from website under 'Corporate Info > Environment & Community'
