

CARE is a leading international humanitarian aid organisation fighting global poverty, with a special focus on working with women and girls to bring lasting change to their communities.

Database and Analysis Coordinator

CARE Australia is seeking an experienced professional to join our Marketing and Communications Department.

The Database and Analysis Coordinator is responsible for managing and maintaining our Razors Edge supporter database. This role also manages the provision of strategic data to guide the evaluation and development of our marketing initiatives.

If you possess:

- Demonstrated substantial experience in analysing marketing data utilising recency, frequency and value techniques;
- experience with a large customer relationship management database
- advanced MS Excel skills
- experience and understanding of SQL and reporting tools, such as Crystal Reports, and
- ability to communicate complex concepts to non-technical audiences

then we'd love to hear from you.
