

Disability Support Workers/Personal Carers

- Permanent part time
- Packaged complex care
- Great hourly rate
- Uniform, phone, parking available

People at the City of Yarra have come to expect a municipality bursting at the seams with diversity. It's why they choose to live here. It's why people choose to work here too. Several opportunities have arisen for qualified and experienced personal carers/disability support workers to join Yarra's Aged & Disability Services to ensure that the community is inclusive of older adults and people living with a disability.

These are not your normal personal care roles. You will regularly support a number of aged clients with complex care needs together with undertaking respite for clients with a disability. A Certificate III in Home & Community Care/Aged Care or a Certificate III or IV in Disability is essential, as is significant previous experience in a similar role, a current driver's license and a reliable, registered motor vehicle. Successful candidates will be available to work a minimum of 25 hours per week, ideally from 6am.

Benefits include paid kilometres, travel time and staff meetings, footwear allowance and overtime, just to name a few. Call Nikki Sportelli on 03 9828 6565 or email your CV to nicola.sportelli@mcARTHUR.com.au
